

Come Race with us

and win the Schneider Trophy

on its 75th Anniversary

FLY LOW • FLY FAST • Turn LEFT

It's easier than you think - so call us now to take part in THE Royal Aero Club Air Racing Team Challenge sponsored by

A once in a lifetime opportunity for a Pilot that believes he can fly well.

Are you a good Pilot? Can you fly accurately and safely in a competitive situation?

Do you have more than 100 hours P1 time and enjoy a challenge? Aircraft must be piston-engined below 5700kg and have minimum straight line speed of 100mph.

Then consider this opportunity of getting your name into Aviation history.

1st, 2nd & 3rd September 2006 is the 75th Schneider Air Race at Bembridge, Isle of Wight, offering a very exciting weekend for 50 aircraft racing for this very Prestigious Trophy.

BREITLING
1884

There will be high value prizes for 1st, 2nd and 3rd positions. It will be a handicapped race so your aircraft will be given a start time which should allow all 50 aircraft to pass over the finish line at the same time providing the course has been flown to its most accurate potential. You can fly on your own or take a navigator. You will have several occasions to practise the race and will be given all the help possible to ensure you have the same fair chance as the other

competitors. The weekend will have side shows and many visiting aircraft. There will be a Saturday Evening Gala Dinner. The event will attract the media and television coverage and will be open to international competition.

However, the Schneider Air Race (for safety reasons) has to be restricted to 50 entrants, so **don't delay** your application. We have an air race school to attend if you wish (not obligatory) at North Weald on March 30 & 31 should you wish to have a taster before committing yourself.

The entry fee will be £250 which covers membership of The Royal Aero Club, issue of your FAI Competition Licence and entry into the 2006 Schneider Trophy. Your application must include a deposit of £75 to assure your entry.
